## HOW TO CITE RULES AND RSMO

### RULES

The rules are codified in the *Code of State Regulations* in this system—

Title		Division	Chapter	Rule
3 Department	CSR <i>Code of State Regulations</i>	10- Agency Division	4 General area regulated	.115 Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation, for example, 3 CSR 10-4.115 NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

### ***Code and Register on the Internet***

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is [sos.mo.gov/adrules/csr/csr](http://sos.mo.gov/adrules/csr/csr)

The *Register* address is [sos.mo.gov/adrules/moreg/moreg](http://sos.mo.gov/adrules/moreg/moreg)

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

## Title 10—DEPARTMENT OF NATURAL RESOURCES Division 25—Hazardous Waste Management Commission Chapter 12—Hazardous Waste Fees and Taxes

### EMERGENCY AMENDMENT

**10 CSR 25-12.010 Fees and Taxes.** The commission proposes to amend section (1) of the rule by removing a reference to subsection (G), and rescinding subsection (G) in its entirety.

**PURPOSE:** This amendment removes a new subsection of this rule that would have established a temporary fee structure. The amendment was disapproved by the Missouri General Assembly and there is no statutory authority for this amended rule language.

**EMERGENCY STATEMENT:** The statutory authority on which the amendments to this rule were adopted allows the General Assembly to disapprove the Order of Rulemaking within sixty(60) days of the next legislative session. To exercise this authority, on March 6, 2020, the General Assembly, through Senate Concurrent Resolution 38, which disapproved the Order of Rulemaking and directed the Missouri Hazardous Waste Management Commission to continue to use the hazardous waste generator registration fee rates currently in effect, rather than the increased rates scheduled to go into effect on January 1, 2021. In order to ensure that the Order of Rulemaking does not go into effect on March 30, to be implemented effective January 1, 2021, this emergency amendment to remove the language added in the Order of Rulemaking is necessary. Without this emergency amendment, the rule previously adopted would go into effect

on March 30, and would be in direct conflict with the legislative authority on which the rule was adopted. This emergency amendment was filed March 12, 2020, becomes effective March 27, 2020, and expires September 22, 2020.

(1) Hazardous Waste Fees Applicable to Generators of Hazardous Waste. The fees in this section apply notwithstanding any conflicting language in any other rule regarding the amount of any of the fees listed in this section.

(E) Registration Fee. A generator subject to registration in accordance with 10 CSR 25-5.262 shall pay the following registration fees. *I, except as specified below in subsection (1)(G):*

*(G) Temporary fee structure for registration and renewal fees for calendar years 2021 and 2022 only. The fee structure established below is in place for calendar years 2021 and 2022.*

*1. All new generator registration and registration renewal fees accruing before January 1, 2021, will be assessed at the amounts established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C. All new generator registration and registration renewal fees accruing during calendar years 2021 and 2022 will be assessed by the department at the following rates:*

*A. A registration fee not to exceed one thousand one hundred and fifty dollars (\$1150) for a generator registering as a Large Quantity Generator;*

*B. A registration fee not to exceed three hundred and sixty dollars (\$360) for a generator registering as a Small Quantity Generator; and*

*C. A registration fee not to exceed one hundred seventy-five dollars (\$175) for a generator registering as a Conditionally Exempt Small Quantity Generator.*

*D. All new generator registration and registration renewal fees accruing on or after January 1, 2023, will revert back to the amounts established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.*

*2. Registration renewal fees for owners of multiple hazardous waste generator ID numbers.*

*A. For individuals or companies that own multiple sites for which they obtain hazardous waste ID numbers, the fees established in this section will only be assessed on—*

*(I) The first 5 Large Quantity Generator ID numbers; and*

*(II) The first 10 Small Quantity Generator ID numbers; and*

*(III) The first 15 Conditionally Exempt Small Quantity Generator ID numbers.*

*B. The remainder of the hazardous waste generator ID numbers will be assessed the regular registration renewal fee established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.*

*C. Generators are responsible for providing documentation required to verify common ownership of the multiple hazardous waste ID numbers and also for providing a list of all of their ID numbers and indicate which ID numbers are to be assessed the temporary rates established in this section, as well as which ID numbers will be assessed at the rates established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.*

*3. Registration renewal fees for owners of multiple underground storage tank (UST) sites.*

*A. For individuals or companies that own a single site where an underground storage tank is removed in a calendar year, the hazardous waste generator registration fee for the site will be assessed at the appropriate amount under the temporary fee structure established above in section 10 CSR*

25-12.010(1)(G)1.

*B. For individuals or companies that own two or more sites where underground storage tanks were removed in the same calendar year, the hazardous waste generator registration fee for all remaining tank removals within the same calendar year will be assessed the regular registration renewal fee established in 10 CSR 25-12.010(1)(E)1.A. through (1)(E)1.C.*

*C. Tank owners claiming this discount are responsible for providing documentation required to verify common ownership of the multiple underground storage tank sites and also for providing a list of all of their ID numbers that describes which ID number is to be assessed under the temporary fee structure and which ID number(s) are to be assessed under the regular registration renewal fee.*

*4. All new generator registrations and reactivations of ID numbers accruing during calendar years 2021 and 2022 shall pay the full amount established in the temporary fee structure.]*

ATTEST:

  
JOHN R. ASHCROFT  
SECRETARY OF STATE

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbol—  
ogy under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

**Boldface text indicates new matter.**

*(Bracketed text indicates matter being deleted.)*

(4) Physical Deficiencies. Persons who are physically unqualified to drive commercial motor vehicles pursuant to any provision of **Title 49, Code of Federal Regulations** (CFR), section 391.41(b) may apply for intrastate SPE certificates, and the director may issue intrastate SPE certificates to those applicants, only if—

(B) The applicant files an application for SPE certificate with the director, which conforms to all applicable requirements of section 622.555, RSMo, and this rule, and conforms to the same standards and procedures that are applicable under FMCSA's comparable interstate SPE certificate or exception program, as modified and supplemented by any applicable provisions of section 622.555, RSMo, or this rule./; and

**Chapter 3—Preneed**

**PROPOSED RULE**

**20 CSR 2120-3.010 Preneed Sellers**

**PURPOSE:** This rule outlines the provisions for the practice of pre-

need seller.

(1) Applications for a preneed seller license are to be made on the forms provided by the board and be accompanied by the applicable fees. At a minimum an applicant shall submit with the application—

(A) Evidence of being an individual resident of Missouri who is eighteen (18) years of age or older, or if a business entity, current registration of the entity name that reflects it is in good standing and, if applicable, current registration of fictitious name(s), both from the Missouri Secretary of State;

(B) Evidence if the applicant is a corporation, each officer, director, manager, or controlling shareholder, is eligible for licensure if they were applying for licensure as an individual;

(C) The name and address of a custodian of records responsible for maintaining the books and records of the seller relating to preneed contracts;

(D) The name and address of a trustee or, if applicable, the financial institution where any preneed trust or joint accounts will be maintained;

(E) The name and address of each insurance company that may be utilized for insurance funded preneed contracts;

(F) Have established, as grantor, a preneed trust, or an agreement to utilize a preneed trust with terms consistent with sections 436.400 to 436.510, RSMo. A trust shall not be required if the applicant certifies to the board that the seller will only sell insurance-funded or joint account-funded preneed contracts;

(G) The name, address, and license number of an individual designated to serve as manager in charge of the seller's business;

(H) The name(s), address(es), and license number(s) of each preneed agent who is authorized to sell, negotiate, or solicit preneed contracts on behalf of the seller;

(I) The name(s) and address(es) of each preneed provider with whom the licensee will have a contractual agreement to be designated as a preneed provider;

(J) A written consent authorizing the state board to inspect or order an investigation, examination, or audit of the seller's books and records which contain information concerning preneed contracts sold by or on behalf of the seller;

(K) A certificate of no tax due from the Missouri Department of Revenue, if applicable; and

(L) A Missouri Highway Patrol fee for each person that is an officer or who has at least a ten percent (10%) interest in the business.

(2) An applicant that does not meet the requirements of the board for licensure within ninety (90) days from the date the application is filed with the board and still desires to seek licensure shall file a new application and pay applicable fees.

(3) If the manager in charge changes, the seller shall provide written notice to the board within thirty (30) days of the change.

(4) The seller license issued by the board is effective for a specific name of a person or entity authorized to conduct business in Missouri and may include “doing business as” name(s). Whenever the ownership or name of the Missouri licensed seller changes, a new license shall be obtained.

(A) If a change of ownership is caused by a change in the majority of owners, for whatever reason (death, sale of interest, divorce, etc.) without the addition of any new owner(s), it is not necessary to obtain a new seller license. However, a new application for a seller license form shall be filed as an amended application within thirty (30) days prior to the change of ownership.

(B) If a corporation owns a Missouri licensed seller, it is not necessary to obtain a new seller license or to file an amended application for a seller license if the owners of the stock change.

(C) However, as a separate person, if a corporation begins ownership of a Missouri licensed seller or ceases ownership of a Missouri licensed seller, a new seller license shall be obtained regardless of

the relationship of the previous or subsequent owner to the corporation.

(5) Except as otherwise provided in sections 436.400 to 436.510, RSMo, and any rules validly promulgated pursuant to those sections—

(A) The seller shall be obligated to collect and properly deposit and disburse all payments made by, or on behalf of, a purchaser of a preneed contract; and

(B) A purchaser may make payments on any preneed contract by making the payment directly to the trustee, the insurance company, or the financial institution where the joint account is held, as applicable, in lieu of paying the seller.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 2, 2019 (44 MoReg 3018-3020). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Department of Agriculture (MDA) received four (4) comments on the proposed amendment.

**COMMENT #1:** “It has been brought to my attention that the fees for plant pest inspections will be increasing from \$50 to \$125 this coming year. I would just like to state that I think a 2 1/2 times increase is a bit much at one time and would like to propose the fee going to just \$100 in this coming year. thank you for your time.”

**RESPONSE:** This rulemaking is recommended by the 2018 Joint Committee on Plant Industries fees, comprised of Senate and House agricultural leaders and representatives from leading agricultural associations representing large and small businesses. No changes have been made to the proposed amendment as result of this comment.

**COMMENT #2:** “For a small nursery like mine this quite an increase in cost from 35\$ to 75\$. I understand why for the increase but it increases my costs. Thanks for the input.”

**RESPONSE:** This rulemaking is recommended by the 2018 Joint Committee on Plant Industries fees, comprised of Senate and House agricultural leaders and representatives from leading agricultural associations representing large and small businesses. No changes have been made to the proposed amendment as result of this comment.

**COMMENT #3:** “Fee increase for Nursery Dealer is 150%. This is too high and does not appear to be proportional to other fee increases. An increase is understandable, but should be in proportion to all others.”

**RESPONSE:** This rulemaking is recommended by the 2018 Joint Committee on Plant Industries fees, comprised of Senate and House agricultural leaders and representatives from leading agricultural associations representing large and small businesses. No changes have been made to the proposed amendment as result of this comment.

**COMMENT #4:** “As an exporter we understand that things cost, and we feel that the Phyto inspections of \$50.00 for the first hour and

\$40.00 every hour there after is reasonable if starting time starts as soon as they arrive. State and Federal phytosanitary certificates at \$50.00 each is high we feel just to print out a piece of paper. We could live with \$25.00 or less for this service due to the fact that it is a standard form and it should not cost more than an inspection to print out. We are trying to keep costs down as much as possible in order to keep our market fair for everyone also."

**RESPONSE:** This rulemaking is recommended by the 2018 Joint Committee on Plant Industries fees, comprised of Senate and House agricultural leaders and representatives from leading agricultural associations representing large and small businesses. No changes have been made to the proposed amendment as result of this comment.

It is the department's expectation that fuel producers, automobile manufacturers, pipeline representatives, and petroleum marketers will find common ground by addressing volatility specifications for gasoline at ASTM International. Therefore, the department will continue the exemption until such time ASTM addresses the volatility of ethanol blended fuels greater than ten percent (10%). No changes have been made to the proposed amendment as a result of this comment.

**COMMENT #10:** Ron Leone, Missouri Petroleum Marketers & Convenience Store Association, Jefferson City, MO expressed concerns with consumer misfueling liability and gas station equipment compatibility for stations and convenience stores who choose to sell blends greater than E10.

**IN ADDITION**

A proposed amendment was published for 13 CSR 70-6.010 in the June 17, 2019 issue of the *Missouri Register* (44 MoReg 1669). This proposed amendment was filed with an incorrect title of the rule. This incorrect title was published in the proposed amendment as well as the order of rulemaking (44 MoReg 2839-2840 of the November 15, 2019 issue of the *Missouri Register*). Consequently, the incorrect title was published in the November 30, 2019 update to the *Code of State Regulations*.

The title of 13 CSR 70-6.010 should have read **Emergency Ambulance Program**. The title of the rule will be corrected in the April 30, 2020 update to the *Code of State Regulations*. The MO HealthNet Division apologizes for any inconvenience this error may have caused.
